Coimbatore College.

(Affiliated, November 1877.)

About the year 1856 "The Tahsildar's School," so called because a Tahsildar of Coimbatore was its founder, was handed over to a Committee of European and Native gentlemen, under the designation of the 'Coimbatore Anglo-Vernacular School.' But the early promise of the school was belied by subsequent inanition, the teachers were underpaid, and the confidence of the Hindu inhabitants of Coimbatore was not won.

The first new impulse in the right direction may be traced to the Collector, Mr. Thomas. Through his interest in the school the Hindu inhabitants were roused to action, and a large sum of money was raised with which it was proposed to build a School hall to be called the 'Thomas Memorial Hall.' Many years elapsed before this determination was carried into effect. In the meantime the School-house had to be enlarged, and in 1867 when a European Graduate of this University took charge, he found that the Institution contained about two hundred and fifty boys, the highest class being the Fifth. The fees monthly amounted to about Rs. 200. Under the designation of the 'Coimbatore College,' the Institution has developed into a Collegiate School with an efficient staff of Teachers. The College is now as large as it can possibly be under present circumstances, the number on the rolls for last year averaging 636, 39 being in the College Department.

The Institution is dependent entirely upon the Government monthly grant of Rs. 350, and the fees which on an average amount to Rs. 825. At present the expenditure is nearly as great as the income, and as there is no reserve fund, something will have to be done to enable the Committee to uphold the position of the Institution. The School is open to all classes of the community. The majority (about 85 per cent.) are Brahmans, but there are on the rolls Hindus of all the other classes, Mahomedans, Native Christians, Eurasians and Europeans. Mahomedan boys are charged only half the monthly fee.

The teaching staff of the College Department is as follows :—

C. C. Flanagan, M.A., (Madras), Head Master.

R. Krishna Aiyar, B.A., (Madras).

A Vaidyalinga Pillai.

T. M. Sundaram Pillai, B.A., (Madras), Science Master.

A fee of Rs. 4 is levied in the College Department.

When in February 1881, Mr. E. H. Elliot, the Head Master of the Cuddalore College, was appointed to act as Assistant Professor in the Presidency College, certain gentlemen of Cuddalore subscribed Rs. 210 to found a prize in Mr. Elliot's name, and the sum is invested in Government Paper, the interest thereon forming an annual prize to be awarded to the student who passes the First Arts Examination in the highest place from the College.

High School, Ernakulam.

(Affiliated, November 1877)

For many years prior to 1865 the Rajah of Cochin had maintained a small English School at Ernakulam. In that year it was placed under the care of a Cambridge M.A., the present Head Master, and soon rose in numbers and standard until in 1868 students were first sent up for the Matriculation Examination, and since then others have gone up every year. A large and commodious building was erected by the Sirkar, and occupied in 1870, and subsequently enlarged in 1879. The staff of Masters has been steadily improved and augmented, and in 1874 a Preparatory F. A. Class was opened, and an F. A. Class in 1875 from which in 1876 students first passed the F. A. Examination. Boys from all classes of the community, without any distinction as regards caste or creed, are admissible, but the mass of the school consists of Brahmins, Christians, and Nayars, the latter being most numerous. The total strength of the school is about three hundred boys.

The Cochin Government bears the whole expenses of the school excepting a small proportion (about a seventh) which is produced by fees. The fees at present levied are:—in the F. A. Classes, Rs. 2; Matriculation Class, R. 1; Upper School, Annas 8; Lower School, Annas 4. There are no Scholarships attached to the school at present.

This school was established in the year 1834 by the Rev. Peter Percival of the Wesleyan Mission, Jaffna. The school rapidly became popular, and its pupils soon numbered, including its lower branch at Wannarpuram, 235. In 1853 an English Principal was appointed to take charge of this school. In 1860 it was affiliated to the Madras University, and in the same year was registered as a Grant-in-aid School in connection with the then School Commission of the Island. Kerala Vidyasala, (Talli, Calicut.)

(Affiliated, February 1879)

In June 1877 His Highness the Zamorin Maharaja Bahadur of Calicut, in conjunction with the senior members of his family, determined, on the advice of the Collector, Mr Logan, to start an English school for the education of the young Rajas The school was accordingly opened and held in the Talli Palace. In the course of a few weeks about twenty young Rajas were attending school regularly This school, named the *Zamorin's High School*, was placed under the charge of Mr. Barrow (a Graduate of Oxford) and three Assistants. In the same year and month a private school was opened by Mr. Barrow under the name of the *Malabar High School* which soon had nearly two hundred boys on its rolls, and from which five pupils passed the Matriculation Examination of 1877, one being placed in the first class. After some discussion it was resolved to amalgamate the two schools from the beginning of 1878, and to make the new school thus formed select, by admitting only caste boys. This was done, His Highness the Zamorin setting apart a considerable portion of the Talli Palace for school purposes The name of the amalgamated schools was, at the suggestion of the Collector, changed to that of the *Kerala Vidyasala.*

On the 3rd of August 1878, the Government of Madras passed the following Order (No 374) on a letter from Mr Logan, the Collector, bringing to their notice the establishment of the Kerala Vidyasala.

"His Grace the Governor in Council is pleased to express the utmost satisfaction with the enlightened and liberal action of Manavikrama, Zamorin of Calicut, in establishing the Kerala Vidyasala

2 The Acting Director of Public Instruction will, in communication with the Collector of Malabar, submit detailed proposals for a School Library and Apparatus to be presented by Government in recognition of the public spirit of the leading member of Native Society in Malabar." On the 13th September, Government passed

the following additional Order (No. 423). "The sum of Rs. 1,815 is placed at the disposal of H. H The Zamorin, for the purchase of a small Library, Physical Science Apparatus, and Physiological Diagrams and Models to be used in the Kerala Vidyasala, Calicut."

In February 1879 the school was affiliated to the University of Madras and raised to the grade of a Collegiate School, educating up to the F A. Standard. His Highness The Zamorin awards thirty-five free scholarships to students who distinguish themselves at the various public examinations, and to certain poor scholars unable to defray the expenses of their own education. During the year 1881 the Institution worked with considerable success, the average number on the rolls for the year being rather over four hundred, the fee receipts averaging Rs. 750 per mensem.

The school is situated in Talli, occupying that part of the Talli Palace which extends the whole length of the eastern side of the great Talli tank. There are at present upwards of four hundred and fifty boys on the rolls.

The average fee collections now amount to between Rs 800 and 900 a month; these, with a grant of Rs. 370 per mensem from the Zamorin and the members of his family, constitute the whole income of the school. The fees charged in the various classes are the same as those in Government Colleges. (Class A.)

The work of the College and Matriculation Classes is shared among the following Masters:—

A J Atkinson, Acting Principal.
T. Panchapakesa Aiyar, B A, (Madras), 1st Assistant

In 1878 when the school was placed under the charge of a trained Graduate, the several classes were re-arranged after the British classification as also the curriculum of studies. The teaching staff was also improved. In 1879 the school was accommodated in a new building and furnished at a cost of Rs 14,000. Noble College, Masulipatam.

(Affiliated, November 1877)

This Institution takes its name from the Rev. R. T. Noble, B. A, of Sidney Sussex College, Cambridge, who was one of the two Missionaries first sent to Masulipatam by the C. M. S. in 1841. He opened it with two pupils on November 21, 1843, and continued in charge, without break, till his death, October 17, 1865. In 1864 the number on the rolls had reached 300, and a Collegiate Department was begun.

Various circumstances have at times much affected the number and quality of the pupils. In 1852 a Brahmin pupil became a Christian, and the number fell from 80 to 4. Other converts followed in 1856, and the Hindu community becoming alarmed founded a rival High School, which has naturally the support of many of the chief members of Hindu Society in Masulipatam. High testimony was

borne to the Noble School by Sir C. Trevelyan in 1860 : it has had some distinguished pupils ; and about 270 are still being educated in the School Department and its Branch, in addition to the College Department. There is also a Mahommedan Department attached to the Noble School which numbers over 70 pupils. The studies range from the English, Telugu, and Hindustani Alphabets to the Matriculation Standard.

The Collegiate Department is steadily increasing. The first M. A. of the Madras University, V. Sundararamayya Garu, was educated up to the F. A. Standard in this school, and until the establishment of the Provincial College at Rajahmundry, it was the only Collegiate institution in the Northern Circars. A Grant-in-aid of about Rs. 1,700 per annum is drawn from Government in aid of the College Department. The remaining cost is borne by the C. M. S and the Rugby Fox Memorial Fund. The latter was begun in 1848 to provide an Assistant Master, as a memorial of Mr. Noble's first colleague, the Rev. H. W. Fox, B. A., of Wadham, Oxford, who was educated at Rugby School. The Rev. John Sharp, M.A., of Rugby School, and Queen's College, Oxford, joined the school in that capacity in 1861. On the death of Mr. Noble he became Head Master, and was in charge of the school from October 1865 till April 1878 with the exception of from April 1870 to November 1872, when the Rev. C. Tanner was in charge. The Rev. E. N. Hodges, M.A., Queen's College, Oxford, has been Head Master since that time, and Rev. A. W. Poole, M.A., Worcester College, Oxford, who has since retired through sickness, was appointed Rugby Fox Master. Mr. G. J. Solomon, B.A., D. Anantam Garu, B.A., and K. Rama Chandra Sastri Garu, Telugu Pandit, assist in the Collegiate Department.

Scholarships are annually given by the Lord Bishop of Madras, and the C. M. S. After Mr. Noble's death, above Rs. 14,750 were collected for a memorial to him. With this sum, supplemented by Grants from the C. M. S. and Government, a site was purchased, and a large and commodious building was erected for the school. It contains a spacious Hall and suitable class rooms. There is a considerable Library of valuable books, and the school appliances are ample and excellent. A native Noble Memorial Fund provides two scholarships in the School Department. The C. M. S. and a legacy from Miss Brabazon, a friend of Mr. Noble's, furnish others.

Pachaiyappa's College.

(Affiliated, February 1880.)

This school is a purely native institution maintained out of the fruits of native benevolence, managed by a body of Hindu Trustees and dedicated solely to the education of the Hindu community particularly at Madras. Pachaiyappa Mudaliyar, in whose name the institution is founded, was a wealthy benevolent Hindu Gentleman, who dying a hundred years ago when education was almost unknown in Madras, endowed various religious institutions and private charities with no less than a lac of pagodas. The provisions of the Will, however, were in great part neglected by the Executors, so that the Supreme Court at Madras intervened and assumed control of the Estate. In the course of time, these funds amounted to nearly 7½ lacs of rupees, and after assigning the original lac of pagodas to the specific religious charities mentioned in the Will, the surplus funds were ordered to be devoted under a Decree of the Supreme Court to educational establishments in various parts of the Presidency and particularly in Madras itself.

A school was therefore established in Black Town in January 1842, under the name of Pachaiyappa's Central Institution, for affording eleemosynary education to the poorer classes of the native community in the elementary branches of English literature and science, coupled with instruction in Tamil and Telugu, the Vernacular languages of the Presidency Town, and is controlled by a governing body of Hindu gentlemen, being householders in Madras, called the President and Trustees of Pachaiyappa's Charities. During the early period of this school's existence, its numerical strength was once as high as eight hundred and eighty-two, and when applications for admission continued to pour in from all quarters, it was suggested to the President and Trustees that the Institution having been established for the benefit of the poor, a monthly fee might be justly demanded from all such rich parents as could afford to pay for the tuition of their children, and that the amount of such fees might be appropriated to extending the benefits of the Institution to more deserving objects of charity. This rule about the payment of a school fee was first put in force in April 1849, in which year the standard of studies was also raised by the introduction of the elements of Geometry and Algebra and the Geography and History of India and selections from the English Poets. On the 20th of March

1850 the school was removed to the present building specially built for the purpose, the ceremony of the opening of Pachaiyappa's Hall taking place on the same day amidst a thickly crowded meeting of European and Native gentry with the late Governor the Right Honorable Sir Henry Pottinger in the chair. Ever since this Institution has continued to progress rapidly until in 1864 it was raised to the standard of a High School. The first batch of students matriculated from this school in 1858, when the curriculum of studies was specially adapted to the standard of the Matriculation Examination of the University. It was for a number of years the only Institution in the Town of Madras where the poorer classes of the Hindu population could obtain a liberal education on a secular basis, and it has always been an important feeder to the Government High School now known as the "Presidency College." The usefulness of the High School has been publicly recognized by the Government, the Director of Public Instruction having often commended it as a purely Hindu School which has contributed in no small degree to the spread of enlightenment in Madras

A Collegiate Department consisting of a First Arts Class with twenty-three pupils was opened in January 1880, and the School Department consists of two classes divided into seven sections containing three hundred and eighty-two boys; and the Institution thus developed is now affiliated to the Madras University. The Trustees have separated the junior classes commencing from the Upper Fourth and formed them into a separate Institution, designated the "Middle School," under a separate Head Master, in a separate building maintained out of the funds of the late P. T. Lee Chengalroya Nayakar's Charities In this way the High School has been rendered more manageable and it is hoped more efficient, and at the same time the standard of the senior class has been raised to that of the F. A. Examination, the want of schools of this standard, in which secular education is given, being much felt by the Hindu population of the town.

The following fees are levied :—

F. A. Class	Rs.	3½
Matriculation or VI Class	,,	2½
Preparatory Matriculation or V Class	,,	2

The High School is an aided Institution receiving at present a Government Grant of Rs. 200 per mensem in aid of its funds.

(Affiliated, November 1877.)

This Institution was founded in 1837 by the Rev. John Anderson, the first Missionary of the Church of Scotland to Madras, and it was for a number of years the only one in Southern India where natives of the country could obtain a liberal education. It was originally styled the "General Assembly's Institution," but remaining in dependence on that section of the Church which in 1843 dissolved its connection with the State, it was known from that time till lately as the "Free Church of Scotland Mission Institution." The College Department was opened in 1865: in 1876 its basis was widened; other Christian bodies combined with the Free Church in contributing to its support, and are represented on its Council, so that it has become the main centre of Christian liberal education in Southern India. In accordance with this new development of the Institution the words "Madras Christian College" were added to its designation.

In 1879 there were upwards of eight hundred pupils in the School department, and in the College department about two hundred and forty undergraduates. This Institution was first established in 1841 under the name of "The High School of the Madras University." The Madras University was intended to consist of two departments, a College and a High School, and was under the control of a Governing Body, called the President and Governors of the Madras University. The First President was Mr. George Norton, then Advocate-General of Madras, and the Governors, fourteen in number, consisted of European and Native gentlemen in equal proportions. The High School progressed rapidly, and in the course of time, higher classes were established, until in 1855, when the control of the Institution was transferred to the newly appointed Director of Public Instruction, the College was duly constituted under a Principal and Professors and received its present name.

The College has two branches, the General and Legal, and attached to the former is a Junior Department to which non-Matriculated Students are admitted. The General Branch of the College is open to all Matriculated Students, the Legal to Graduates in Arts, and others who give satisfactory proof of having received a sound English education.

From 1841 to 1870 the work of the College was carried on in a private house in Egmore rented by Government, but in March of the latter year the new buildings at Chepauk were formally opened by His Royal Highness the Duke of Edinburgh, and the Students transferred to them in the month of July following.

Rajamundry College

(Affiliated, November 1877)

This College has been recently instituted at Rajamundry with the view of its supplying a long felt educational want in the Northern Circars, and affording the Telugu and Uriya students of the upper portion of the Presidency the requisite facilities for qualifying themselves for the Degree Examination, from which owing to their isolated position they have been hitherto almost entirely debarred

It was with this object in view, that in 1868, the school, then of the Zillah grade, was raised to the rank of a Provincial School, but owing to various unfortunate circumstances it remained in effect a Zillah School till the establishment of a First Arts Class in 1873

Its subsequent success having been such as to warrant the carrying out of the original scheme for its development into a Provincial College, a B A class was formed in 1877 and the Institution now contains its full complement of four College classes numbering upwards of sixty five students In addition to these there is the School Department consisting of the Matriculation and the Preparatory classes, which contains about one hundred boys

The teaching staff of the College Department is thus constituted

E P Metcalfe, Esq, M A (Cambridge), Principal
W Sconce, Esq, B A (Oxford), 1st Assistant

C. Nagoji Rao, B.A. (Madras), 2nd Assistant.
P. Srinivasa Rau, Pantulu, B.A (Madras), 3rd Assistant.

The College is maintained almost entirely from Provincial funds, and is open to all members of the community. As regards fees it has been placed in class A of Provincial Schools and Colleges.

The Raja of Pittapur has placed at the disposal of the Principal, Scholarships amounting to Rs 40 per mensem to be awarded to poor deserving students in the B. A. classes, and the Zamindar of Parlakimedy has established two Scholarships of Rs. 20 for students from Ganjam, with preference to Uriyas and Muhammadans, to be held in the same classes.

S. P. G. College, Trichinopoly.

(Affiliated, February 1883)

This Institution consists of a School and a College. It receives a Government Grant; and the Society for the Propagation of the Gospel supplies the additional necessary funds. All classes of the community are admitted, but most of the students are Brahmins.

The Teachers at present employed in the College are:—

C. W. Pearce, Esq., Principal.
W. L. Bower, Esq., B.A., (Madras.)
Jacob Gnanaolivu, B.A., (Madras.)
A. V. Panchanathayya, B A, (Madras.)
S. V. Thomas, B.A., (Madras)
P. Annaswami Pillai, Tamil Pandit.
Venkataraghavachari, Sanskrit Pandit.

St. Joseph's College, Trichinopoly.

(Affiliated, November 1877)

St Joseph's College was originally established at Negapatam in 1846, by the Jesuits in charge of the Madura Mission, at a time when education was very little appreciated by the people. Notwithstanding the difficulties inherent to such unfavourable conditions, the work of education was carried on without interruption, and not a few European and many Natives now owe their present situation to the instruction received in this Institution.

After the establishment of the Madras University, the authorities of the College, following the example of other Institutions, and in order to open the way to University honours for the Catholic children of the country, thought it advisable to ask for the aid of the Government, and to place the Institution under inspection. It was not till 1867 that this aid was obtained in the form of a monthly grant of Rs. 250, which has been continued without any alteration till the present time. Although St Joseph's Institution was established primarily for the sake of Catholic children, more numerous in the South than in any other part of India, it is also open to all creeds and classes of society, and to this end the education embraces all grades of instruction from the 1st Class up to the B. A Standard. It possesses a Boarding School composed of about two hundred and twenty students, while the number of day scholars during the last years, has been on an average about two hundred. The school fees in the College Department are Rs. 3, from the payment of which none are exempted.

The Directors of the Institution continue to devote attention to the development of the College with a view to render it more and more suited to the necessities of the times. In order that they may give their pupils all the advantages possible for the prosecution of their studies and for laying the foundation of a solid education, they have, among other improvements, a Reference Library for the boys of the College Department, in which, as well as in adding to their laboratory stock, they were encouraged by the kind and timely help from Government of a small Grant-in-aid.

The two chief sources of support to the College are the endowments of the Institution, and the aid given by the Society of Jesus, to which have to be added the Government grant, and the school fees.

The College has now been removed to Trichinopoly where it reopened on the 18th January of this year. The object of this removal was to bring the advantages of Higher Education within easier reach of Catholics residing in the several Southern Collectorates, and to provide at the same time a good school for the large Catholic population of Trichinopoly itself, most of whom were unable for reasons of poverty to send their children to Negapatam. The College however at Trichinopoly continues open to all creeds and classes as formerly at Negapatam.

The Professors who are employed to teach in the Collegiate Department are :—

The Very Rev. A. Jean, B.A., (Lyons).
The Rev. C. Centres, B. Sc., (Bordeaux).

In 1851 Hindus were admitted as well as Christians. In 1863, under the Principalship of Mr. Marsh, candidates first appeared for the Matriculation Examination. In the College there are seventy students reading for F.A. and twenty for B.A., of whom nine are Native Christians, one Eurasian, eighty Hindus. In the High School Department there are 210 boys and in the Middle School Department there are 195 boys. There are six Branch Schools connected with the College containing 750 boys.
